Xplore Europe

Diversity of culture, variety of people

Open our view to explore this beautiful world.

Global Exploration's goal is to connect young people from all over the world!

- In education, global citizenship has become an important topic
- Students travel to other countries and meet new people. We learn from each other's cultures, similarities and differences. We play, sport, make music, discuss and work together.
- Currently, Global Exploration has partners in China, Ghana, India, Indonesia, Kenya, Mongolia, Nepal, Peru, South Africa, Tanzania, Uganda and Vietnam.
- To complete our intercultural exchange, an "Xplore Europe" trip is organized every year. In addition to our annual trips to the partner countries, we also want to invite partners to travel to the Netherlands. During this trip we introduce them to Dutch culture, daily life in host families and secondary schools.
- Together we talk about different issues in the world and the Sustainable Development Goals (United Nations). We discuss about solutions and plans of action. Together we make this world a little bit better!
