

Roosevelt High School - Term 1 - 2026

Important information re. Extra classes!

Please note that the Extra Lesson Schedule has been attached for your reference. **Extra lessons will commence on Monday, 19 January 2026.**

Kindly be advised that we have extended the session time as indicated on the schedule, meaning teachers will be available in their classrooms for consultation during this period. This will allow learners the opportunity to attend up to two extra lessons per day, where necessary.

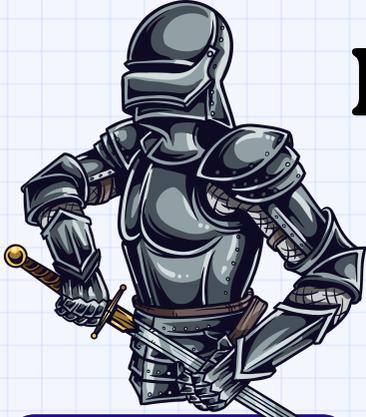

Extra lessons are a vital support system for learners, as they provide additional time to revise key concepts, address learning gaps, receive individual assistance, and improve confidence and performance, especially in preparation for assessments and examinations. **We therefore strongly encourage learners to attend consistently and make full use of this opportunity.**

Thank you for your continued support in ensuring academic success for our learners.

Kind Regards

RHS
